"Embellishment - The Art of Buttons and Twigs" as the name reflects my exhibit has a focus on two items that I have incorporated into a variety art that I have made from textiles.! Included in the exhibit is quilts, wall hangings, weavings, wearable art, accessories, and dolls.

A farmer's daughter, a 4-H alumni, a graduate of MSU with a degree in home economics. The learning, creativity and inspiration continued in my career as a local high school teacher. I continue to study needlework and design in my retirement and am grateful to my mother as well as my students for the examples they set for me in my pursuit of making art.
