Artists' of the Month Lacey & Lexi Schneekloth

Artist Meet and Greet ~ Sun., Feb. 19th · 1-3pm ~ open to the public

Lacey and Lexi Schneekloth are local twins from Jackson MN. They both share a passion in art and creativity for as long as they can remember. Their father is also very artistic and has inspired both of them to follow their dreams of becoming artists.

Their work as artists is based on showing their love for abstraction, texture, and line as well as functionality. As artists they make work by finding different materials and letting their mind discover different ways to create work. They both create works that express emotions, mood, and feelings through color and movement. They both love the process of creating work and not knowing what the end result will be. Lacey & Lexi are constantly looking for new ways to go about their work to keep it experimental and exciting.

Great concert for the whole family!!!

Dazzling audiences with precision picking and sharp harmonies developed over 8 years of playing, performing, and growing up together, the Sawtooth Brothers have created a strong musical rapport with one another, which is channeled through their infectious original material.

The sound of the Sawtooth Brothers is rooted in traditional bluegrass instrumental and harmony work and is influenced by modern acoustic sounds, blending pop and indie rock sensibilities with heartfelt Americana. www.sawtoothbrothers.com
