Meet & Greet Artist Open House · Sat., Feb. 17 at 2pm
(artist talk to begin at 2:30)

Terry Thimesch, formerly of Fairmont is a husband, father, mentor, and outdoor enthusiast. Terry's interest in photography started in High School with the photography club. His photos were featured many times in the yearbook.

For nearly 35 years, Terry has made his living servicing fire systems throughout Minnesota and Iowa. Often bored during many of hours driving, he began taking pictures of the wonder and beauty found in nature. Encouraged by his wife and children, he soon filled his computer with beautiful images! He shared those images with friends and family through social media.

Terry soon discovered View Bug – an online photography contest site. Terry soon rose to the top 10% most popular photographers among the thousands of members. He continues to take any opportunity to photograph nature, animals, and sunsets. It is his pleasure to share them with you now!

February Concert

Flagship Romance ~ Friday, February 23 at 7pm

The story of Flagship Romance represents more than just an opportunity to hear two individually talented performers using their abilities to create something bigger than themselves. It is an invitation to witness an actual couple with a shared passion and chemistry, doing what they love with whom they love, with a desire to change the world one song at a time.

Flagship Romance consists of newlywed singers and songwriters Shawn Fisher and Jordyn Jackson. To describe their sound, they have coined the term “Harmonic Alternative Folk.” Anchored by Fisher’s unique guitar playing, Flagship Romance compositions are centered around and feature the couple’s unclassifiable vocal blend.

\$10 advance tickets available at Hy-Vee in Fairmont or the online box office at www.redrockcenter.org
